

Electrical Fitter / Wireperson

Location: Plymouth

Salary: Market Rate depending on experience

Oakmount Control Systems Limited is a fast-moving, growing, engineering business based in the South West with offices in the vibrant City of Plymouth in Devon and the Historic Town of Yeovil in Somerset. Our talented team of Automation, Electrical and Mechanical Engineers work on many unique projects for blue chip international customers in a wide range of sectors including Food, Pharmaceutical, Aerospace, Automotive and General Manufacturing. We design and manufacture special purpose machinery and process control systems and we also work on many existing leading industrial brands.

Due to continued expansion, we are now looking for an Electrical Wireperson to play a key role in the manufacture, installation and servicing of our projects.

This role will suit someone who is looking to embark on a career in electrical wiring or someone who is currently an Electrician / Wireperson and is able to work effectively on their own initiative to complete projects from start to finish. The successful candidate may come from a similar business, and we would welcome relocators.

Your responsibilities will include:

- The wiring of Control Panels to a high standard, within budget and on time.
- Carrying out the Mechanical Elements of Control Panel Build including component mounting plates using tools such as drills, jig saw etc.
- As appropriate to develop skills within your existing role and other areas to provide progression opportunities in order to optimise flexibility and effectiveness within the business.

You will be:

- An Electrician / Wireperson with a background within a similar industry or someone looking to embark on a career in electrical wiring.
- Passionate and driven, with the desire to produce and deliver completed projects to a high standard
- Wishing to work within an exciting growing business with international clients

So, if you would like a position in a role with a significant amount of variety and autonomy, then please apply and tell us more about yourself.

This role is based in Plymouth, Britain's Ocean City, which is one of Europe's most vibrant waterfront cities. Located by a stunning waterfront and harbour, this busy historic hub also borders the beautiful South Hams and picturesque county of Cornwall.
